

PROJECT STATUS REPORT

Project Name BobTheBuilder

For Week Ending 23rd February 2024

Project Status Red

Status Description The status is red as we used this week to set up and learn about WordPress. The status would have been green if we could have designed a page from our Figma Wireframe.

Activities—During the Past Week

All the members were tasked to learn and practise designing WordPress pages.

Activities—Planned for Next Week

Bhargav Taraviya - To design and implement the Home page of our website

Muhammad Israr Khan - To design and implement the Find our Member page of our website

Nihal Sekhar - To design and implement the Community page of our website

Poojan Patel - To design and implement the Sign In and Sign Up page

Project Issues

1. Selecting the theme was a big task
2. Learning WordPress was something very new to us
3. Setting up Local and working together was a big issue as we had to work on our own local machines.

Project Changes

This is the first report so No Changes were reported.
